

SecuLam P8B

Lightweight burglary resistant glazing

The SecuLam P8B laminate is our toughest anti-burglary product. Tests have shown that it is virtually impossible to defeat it with both a hammer and an axe. This product has achieved the highest possible rating according to the EN356 standard. The P8B classification makes this the product of choice when maximum protection is needed.

SecuLam P8B is lightweight, relatively thin and scratch resistant due to its glass surface layers. No special maintenance is required. Thermally insulated versions of this product are available.

	SecuLam P6B	SecuLam P7B	SecuLam P8B
Composition	Glass-Polycarbonate-Glass	Glass-Polycarbonate-Glass	Glass-Polycarbonate-Glass
